## STUDENT DRESS CODE POLICY

The student dress code is to outline the expectations that Mount Eliza Secondary College community require and expect. College Council routinely support and acknowledge extensive consultation that includes student, family and teacher voice. As a college we believe these expectations represent the values and expectations of majority of college stakeholders.

The dress code aims to

- Foster a sense of community and connectedness while developing pride in self-presentation.
- Supporting the student body to feel equal and to be dressed safely for all school activities
- Enhance the profile and identity of the college in the wider community.

Students are to comply with this a dress code when travelling to and from school. And while attending school during school hours.

Family/carer support in meeting these requirements is expected and highly valued. College processes around not complying with college rules and policy may be enforced. We encourage students and families/carers to communicate with year level coordinators, should there be any concern in meeting these requirements.

Students wearing incorrect shoes and socks will be placed on detention.

Students out of uniform in any other way will be sent to the front office. Communication home will be made to see if support can be given to rectify uniform. Alternatively, if available, students will be offered to borrow uniform from the college. Failure to follow these processes will result in 'Failure to follow instructions process.
